A Case Management Conference (CMC) was held by teleconference on January 5, 2021, at 11:00 A.M., Eastern Time (Ottawa).

[1] The Claimant advised that it anticipates both the current unimproved market value expert report and land damages expert report to be completed by the end of January 2021.

[2] The Respondent advised that it is in the process of retaining Bruce Simpson of Serecon to provide responding reports. The Respondent anticipates that the contract will be in place in January 2021, and therefore Bruce Simpson will be able to begin reviewing the Claimant's two expert reports right away. After Bruce Simpson has had a chance to review the Claimant's two reports, he will be able to give an estimate of the time required to complete his responding report.

[3] At the next CMC, the Parties shall be prepared to set dates for an expert evidence hearing for June 2021.

[4] The next CMC will be held by teleconference on **April 27, 2021**, at 11:00 A.M., Eastern Time.
